

RATIONALE

Students enrolled at our school who suffer from significant health problems deserve and require a supportive and flexible school environment that understands and responds to their individual needs.

AIM

To provide a school environment that is supportive of, and responsive to, the physical, social, emotional and academic needs of students with significant health problems.

IMPLEMENTATION

- All students who are entitled to attend our school are welcome to do so.
- All students have a right to have their individual physical, social, emotional and academic needs identified and addressed.
- The parents/carers of students with significant health needs are required to meet with the principal and key staff to develop an individual plan that details the student's needs, as well as detailing an anticipated schedule of school or hospital attendances etc.
- Parents/carers are reminded that staff may not be qualified, competent or comfortable providing some forms of medication or support. Staff may reserve a right of refusal to perform certain medical tasks in some instances.
- All staff associated with students with health needs will be made aware of the student's condition and requirements. Staff will be provided with professional development as required.
- Open communication processes will be put into place, including communications books and parent support group meetings.
- Forward planning will provide flexible educational programs that can be modified or conducted at home or in hospital where appropriate.
- The school will provide support for siblings and close friends of students with significant health needs as appropriate.
- The School Council will seek special equipment or facilities (ramps, disabled toilets etc) as required.

EVALUATION

This policy will be reviewed at times when children with significant health needs are about to attend, or are attending, our school.

This policy was last ratified by School Council in August 2004
